

Have no view of above the store trends? Mid-month and wanting to see trends on costs of goods? Corporate asking you to trim labor costs but have no data to actually see the problem? Logging in to ten systems to try to pull together data for business decision? Trying to make bonus and can't get daily or weekly trend data to know where you are?

## Meet Intelligence.

See it all. Manage it all. Share it all. Business intelligence that summarizes all the details of your restaurant so you can keep an eye on the big picture. Get out of the weeds and take a look at your operations from a trend perspective, full costs analysis and potential fine tuning for greater profitability. Want to know how revenue is trending? Just click a button and run a report. Want to check how labor or food costs are trending mid-month compared to last month? Click a button and run a report. Compeat Intelligence gives your entire team everything they need to collaborate and create greater solutions for your restaurant.

Visibility to all your data, at your fingertips. So go ahead analyze the past, assess the present and forecast the future.
