

Hate writing checks? Giving your credit card number to vendors-ever thought of the security risk?
Wish someone would take away the burden of paying bills?

Managing a restaurant is hard enough without adding on repetitive activities like printing checks, stuffing envelopes, and following up with all your vendors.

Compeat pay automates your payment process. Our experts will take care of ACH payment processing, check printing, mailing, and coordination of your monthly payments so you can spend more time building revenue and less time managing it.

Compeat Pay works hand in hand with Compeat Advantage making it seamless for our customers to simplify their entire payment process.

- Reduce your security risk through your free virtual credit card
- Save hours every week
- Earn cash back simply by paying your bills
- Average restaurant can earn \$2,000+ annually in cash back
- Streamline and automate your payments
- Save 100+ hours per year

"With five locations, we were spending too much time processing and paying invoices. Compeat Pay has saved my accounting team multiple hours per week in time. As if that is not enough, we are on track to earn substantial rebates on our payment volume. It is truly a win-win."
